

The Great Basin Chapter of the Air and Waste Management Association is excited to extend an invitation for this year's A&WMA Great Basin Chapter's Annual Dinner. This year's keynote speaker is Arden Pope, a BYU professor and leading expert on the health effects of air pollution. Arden Pope will be presenting on his recently published book *Particles of Truth: A Story of Discovery, Controversy, and the Fight for Healthy Air*, a compelling, real-life account of how scientists uncovered air pollution's deadly impact on human health—and the contentious battles to use key scientific evidence in the critical fight for clean air. You won't want to miss this!

The A&WMA Great Basin Chapter Annual Dinner is our opportunity to connect as professionals, highlight our ongoing events, and recognize our annual scholarship winners.

We hope you can join us!

Who: A&WMA members and friends

Where: Loveland Living Planet Aquarium
(12033 Lone Peak Parkway, Draper, Utah 84020)

When: October 23, 2025 at 6:30 pm
